

# Crotchety Man Posts Published in 2019

The following tables summarise the Crotchety Man blog posts published in 2019. There is one table for each category: Band/Artist, Playlist, Album of the Month and Track of the Week. There were also two uncategorised posts. Within each table entries are in chronological order.

There were 48 posts altogether, less than one a week, so I'm slipping behind the schedule. However, the number of visitors (2459) was more than twice the number in 2018 (1037), which is encouraging.
